The following presentation is being made only to, and is only directed at, persons to whom such presentations may lawfully be communicated ('relevant persons'). Any person who is not a relevant person should not act or rely on this presentation or any of its contents.

Information in the following presentation relating to the price at which relevant investments have been bought or sold in the past or the yield on such investments cannot be relied upon as a guide to the future performance of such investments. This presentation does not constitute an offering of securities or otherwise constitute an invitation or inducement to any person to underwrite, subscribe for or otherwise acquire securities in any company within the Group.

The presentation contains forward-looking statements which are subject to risks and uncertainties because they relate to future events. These forward-looking statements include, without limitation, statements in relation to the Group's projected financial results of the 2011, 2012 and 2013 financial years. Some of the factors which may cause actual results to differ from these forward-looking statements are discussed on slide 34-36 of the presentation.

The presentation also contains certain non-GAAP financial information. The Group's management believes these measures provide valuable additional information in understanding the performance of the Group or the Group's businesses because they provide measures used by the Group to assess performance. Although these measures are important in the management of the business, they should not be viewed as replacements for, but rather as complementary to, the comparable GAAP measures.

Definitions

Prepaid	Prepaid includes both prepaid and community services.
ARPU	Total ARPU is calculated by dividing the average monthly recurring revenue by the average monthly total reported customers during the period. Total ARPU excludes revenues from equipment sales and non-service revenue. Prepaid and contract ARPU only includes recurring revenue generated from Vodacom customers.
Churn	Churn is calculated by dividing the annualised number of disconnections during the period by the average monthly total reported customer base during the period.
Traffic	Traffic comprises total traffic registered on Vodacom's network, including bundled minutes, promotional minutes and outgoing international roaming calls, but excluding national roaming calls, incoming international roaming calls and calls to free services.
MOU	Minutes of use per month is calculated by dividing the average monthly minutes (traffic) during the period by the average monthly total of reported customers during the period. Previously, minutes of use were based on billable minutes.
EBITDA	Earnings before interest, taxation, depreciation, amortisation, impairment losses, BBBEE charges, profit/loss on disposal of investments and on disposal of property, plant and equipment, investment properties and intangible assets.
Normalised	Normalised to exclude Gateway, trading foreign exchange, the BBBEE charge and at a constant currency.
HEPS	Headline earnings per share.
Operating free cash flow ('OpFCF')	Cash generated from operations less additions to property, plant and equipment and intangible assets and proceeds on disposal of property, plant and equipment and intangible assets.
Free cash flow	Operating free cash flow (as defined above) less net finance charges and taxation.
BBBEE	Broad-based black economic empowerment as contemplated in the Broad-Based Black Economic Empowerment Act (No. 53 of 2003), as amended.
Gateway	100% of the shares in each of Gateway Telecommunications Plc, Gateway Communications (Proprietary) Limited, Gateway Communications Mozambique LDA, Gateway Communications (Tanzania) Limited and GS Telecom (Proprietary) Limited and their respective subsidiaries.
South Africa	Vodacom (Pty) Limited (registration number 1993/003367/07), a private limited liability company duly incorporated in accordance with the laws of South Africa and its subsidiaries, joint ventures and SPV's.

Forward-looking statements

This presentation which sets out the year end results for Vodacom Group Limited for the year ended 31 March 2010 contains 'forward-looking statements' with respect to the Group's financial condition, results of operations and businesses and certain of the Group's plans and objectives. In particular, such forward-looking statements include statements relating to: the Group's future performance; future capital expenditures, acquisitions, divestitures, expenses, revenues, financial conditions, dividend policy, and future prospects; business and management strategies relating to the expansion and growth of the Group; the effects of regulation of the Group's businesses by governments in the countries in which it operates; the Group's expectations as to the launch and roll out dates for products, services or technologies; expectations regarding the operating environment and market conditions; growth in customers and usage; and the rate of dividend growth by the Group.

Forward-looking statements are sometimes, but not always, identified by their use of a date in the future or such words as 'will', 'anticipates', 'aims', 'could', 'may', 'should', 'expects', 'believes', 'intends', 'plans' or 'targets'. By their nature, forward-looking statements are inherently predictive, speculative and involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future, involve known and unknown risks, uncertainties and other facts or factors which may cause the actual results, performance or achievements of the Group, or its industry to be materially different from any results, performance or achievement expressed or implied by such forward-looking statements. Forward-looking statements are not guarantees of future performance and are based on assumptions regarding the Group's present and future business strategies and the environments in which it operates now and in the future.
